

Impact Investment Analyst Vacancy (24h/week)

Shaerpa Fund Management manages two impact investment funds: INZET and SI² Fund. The newly founded INZET is a Dutch cooperation between health funds, capital funds, health care providers and health insurers that support young enterprises offering care innovations with a direct positive impact on the quality of life of chronically dependent people. SI² Fund is a European fund supporting high potential, early growth social businesses with funding, expertise and access to networks.

We have offices in Brussels (B) and in Utrecht/Amsterdam (NL). For our Dutch office we are looking for a Dutch-speaking investment analyst to work deal-sourcing, deal screening, due diligence, implementation and monitoring of our social investment work for INZET. The position provides insight in many different e-health enterprises and offers plenty opportunities for on-the-job learning in the sector of social innovations, social entrepreneurship and social finance.

THE ROLE

- Search for and screen e-health enterprises and opportunities in social care in accordance with the criteria's of INZET Investments and Shaerpa Fund Management;
- Support (financial) investment analyses;
- Tracking social and financial performance, as well as advising portfolio companies;
- Support Investor relations of INZET;
- Support in organizing (joint) events to connect supporters and investors to health start-ups

WHAT WE OFFER

- A compensation that fits the level of the work and the impact investment sector;
- Exposure to the Dutch health care market and leading e-health entrepreneurs and investors;
- Insight and hands-on experience in the world of impact investment;
- Working in an international and fun team.

THE IDEAL CANDIDATE

- You are an MA graduate, preferably in Life Science and Health, Business Administration, Management Science, Corporate Finance, or a related domain;
- You have ± three years of working experience in the health sector, finance or consultancy;
- You are dedicated to health innovation and impact investing
- You are eager to learn and collaborate, and dare to take initiative and think differently
- You have a flexible, determined and pro-active way of working;
- You have the potential and ambition to grow into the role of Investment Manager;
- You are a sensitive communicator, capable to talk with stakeholders at many different levels;
- You have good planning and analytic skills;
- You are fluent in Dutch and English
